Autumn Photography Competition

After the success of our summer photography challenge, we would like to continue running photography competitions throughout this academic year. Alongside our monthly 'Artist of the Month' activities, we are going to have photography competitions which focus on each of the seasons.

Your challenge is to take a unique photograph that you feel represents the theme of 'Autumn'. The photograph can be of any objects / landmarks / locations etc. Please make sure that they do not contain any faces of people.

All entries must be handed in to Mrs Perez-Diaz by Friday 19th December. If you are unable to bring in a printed version of your photograph, please ask a parent or carer to email this to the school office. Winners will then be announced at the start of the Spring Term.
