Nursery Newsletter

Friday 22nd November

Theme: Jungle Animals

This week we visited the jungle! We explored many different animals that you see and hear in the jungle. We read 'Rumble in the Jungle' and played with many different animals from the book!

Key vocabulary:

Jungle, elephant, lion, gorilla, giraffe, snake, crocodile, monkey

In Phonics this week we continued to work on our 'phase one' sounds. We focused on body percussion sounds, which means we used our bodies to produce sounds. We sang familiar songs, discussed what we might hear in different settings and played some games following a set of sounds.

Rhyme of the week

Down in the Jungle.

In Maths this week we explored and built using different objects and shapes. We used puzzles, blocks and materials from the classroom to look at different sizes and how objects fit together.

Key vocabulary:

Big, bigger, small, smaller, turn, flip, fit

Notices:

- As the temperature is getting colder, please be sure any additional outdoor clothing is labelled with your child's name.

Dates for your diary:

- Friday 29th November - School Closed (Staff Training)
- Friday 6th December- Nursery Christmas Performance

What you can do at home:

- Talk, talk and more talk! While out or at home, look around your environment to spot the sizes of different objects. This is small/big… The _____ is bigger/smaller…
- Follow a set of sounds! One person will make a set of sounds using their body, for example, 'clap, clap, drum roll'. The next person copies. The sound will be passed around until it is back to the start. Did the sound stay the same or change as it was passed around?
